

Parent On-Line Access to Student Grades

Dear Parent/Guardian

Alba-Golden ISD has an online grade book program called TXConnect by RSCCC. This program will allow you, as the parent/guardian, to log into Alba-Golden ISD's TXConnect program via an internet browser to monitor your student(s) assignments, attendance and grades in a "Read-Only" format as they are posted by the teacher. We hope this tool will benefit everyone as we work together as a district and community to improve our students' educational environment.

This is a self-register website/program. Below are the instructions for setting up your TxConnect Parent account.

Please note the following:

You must be the parent or legal guardian registered with Alba-Golden ISD to have access to your student's information. **You must go to the appropriate campus office to receive your Parent Portal ID number to set up this account. You will be asked to submit proper identification to receive this information. If you cannot come in person, then a letter with the Parent Portal ID will be mailed to the parent/guardian address on record.**

To set up your account online:

1. Open your internet browser and type in <http://txconnect.agisd.com/txconnect/>
2. Click on the "New User" link.
3. Set your username, password (confirm it) and email address (optional) then click on the "NEXT".
Please follow the directions for your username and password!!!
4. You will then have to give your student(s) Portal ID number and click "FINISH".

****If you have a Pop-UP blocker enabled on your browser, TxConnect will not work. You must set an exception for this website in your Pop-Up Blocker Settings to allow access to the site or disable all pop-up blockers to utilize this program.**

****Be sure to save the TxConnect site in your Favorites or on Desktop for easy access later.**

- Please be aware that you must use your student's Portal ID number that the school has assigned them and their birth date. Without this information, students will not be able to be added to your account.
- Once completed you may log in with your username/password to view your student's assignments and grades.
- Keep in mind that Alba-Golden ISD will not be held responsible for any unauthorized access to a student(s) TxConnect grade book account.

If you have any questions concerning the account set-up process please e-mail me at tuckerk@agisd.com or call at (903) 768-2472, ext. #113 (you must press the # key with the ext.).

Thank you,

Kristi Tucker
